**“One Big Happy Family” Synopsis**

In the midst of planning her daughter's Bat Mitzvah, Rachel’s (Brenner) DNA results come back in the mail. Much to her dismay, it reveals that the man that she had revered for the past 40 years is not her biological father. And now, with every new notification

on her phone, Rachel gains new siblings of every ethnicity and career path possible. Questioning her identity, she decides to go on a pilgrimage with her mother, Lenore (Lavin), intent on finding her “real” father. The journey brings her face to face with her “siblings”, a shady private eye, an inept gynecologist, and an ex-con tattoo artist. The wild voyage culminates in an emotional apex that threatens the indestructible bond between Rachel and Lenore.
